Re: Notice of Ex Parte Conference
Telecommunications Relay Service ("TRS") & Speech-to-Speech Services for
Individuals with Hearing and Speech Disabilities
CG Docket No. 10-51

Dear Ms. Dortch:

On Friday, June 17, the undersigned along with Purple executives Dan Luis, John Goodman, John Ferron, and Board member Jose Feliciano from Clearlake Capital met in person and telephonically with Paul de Sa from the Office of Strategic Planning and Policy Nicholas Alexander of the Wireline Competition Bureau.

We discussed the FCC's Further Notice of Proposed Rulemaking related to potential certification requirements and the FCC's Notice of Inquiry pertaining to the video relay industry. Purple's comments were consistent with its previously filed white paper on topics such as establishing technology standards, the cost to provide VRS services and the connection between increased volume and efficiencies gained which can result in lower costs per minute for providers, the importance of competition and choice for consumers, and the importance of multi-year structure and that would allow for proper business planning by providers.

Sincerely,

/s/
Kelby Brick, Esq.
Vice President, Regulatory & Strategic Policy
